Make your money go further

Affordable credit

Most people will have been in a position at some point where they need to borrow money. There are a lot of credit options out there, but it is important to encourage people to do some research into the best option for them and their circumstances before committing to anything that might become unaffordable.

Residents can find out more about the different options available by visiting www.moneyhelper.org.uk/en/everyday-money/credit-and-purchases/deciding-on-the-best-type-of-credit-for-you Information is also available at www.sunderland.gov.uk/article/12661/Could-you-borrow-any-better

Payday lenders and people offering doorstep loans might seem like the easy option, people can end up paying back a lot more than they borrowed. Some of these people might not even be authorised to lend money.

Moneywise Credit Union offers a local and ethical option for saving and lending. They offer a range of loans and interest rates, such as personal loans, family loans and saving plans, including payroll deductions. For more information visit www.sunderland.gov.uk/creditunion

Reducing energy costs

There are several organisations that can provide information and advice to help residents reduce their energy costs and tackle fuel bills:

- Citizens Advice Sunderland - offer free energy checks and help to reduce energy bills. Call 0191 415 8998 or email energy@citizensadviceunderland.co.uk
- Green Doctor Service - offer free practical energy or debt advice. Call 07515 327 185 or email GreenDoctorSunderland@groundwork.org.uk
